## FORM GOLF CLUB FOR RESIDENTS OF LAKE REGION

## Group to Accept Tract as Gift from Mayaca Corporation

The past week brought out a new candidate for mayor of the town of Pahokee. John Dulany, proprietor of the Pahokee Auto Works, has tossed his ambitions into the ring, and is soliciting the vote and support of his friends. Mayor H. Roy Lang announces this week his intention to run for a second term, his first opposition to develop so far in the race of city officials.

As yet no one has made public his intentions to seek the seat now held by W. P. Walker, a town clerk, who will be eligible to run again in the capacity and is satisfied that the major portion of the citizenry of Pahokee is well satisfied with his efforts. There is a possibility that he will be allowed to remain in his present position for another year without any opposition.

The places of Robert S. Douthit, Jr., and W. H. Cochran, who are the councilmen of the town in the end of the term and as yet no one has announced as a candidate for either place, Mr. Douthit has said that he will not be a candidate for re-election and Mr. Cochran has made no definite statement for publication in this newspaper as to his intentions.

Let's change over from political candidates to vegetables. In a deal completed this week the Sunshine Canning company has taken over the Pahokee plant and has passed it over into new hands and immediate operation is planned. H. Cole, who has been the general manager in the Pahokee plant, has been transferred to the new president of the concern and promises that canning operations will start in a few weeks next Monday. A full crew will be on hand to work canning tomatoes and with Mr. Gold at the head of the town local people feel sure that the venture will be a decided success.

A million dollars! Let me see now. How many dimes would it be? Anyway that is what is on the mind of the Bank of Pahokee today as a new and busy canning season nears its close. Which all goes to prove a lot of things. A million dollars is a lot of money in the world, not even说到ing the Valley of the Nile in the land of the ancient Pharaohs. A bank officer by a corps of men who exceed in their financial acumen regulations at all times—through booms, days and depressions. A confidence which is born up by an institution which has never failed in the minds of the people it serves.

Next year I'm going to plant cabbage.

## CABBAGE STILL LEADS THE LIST

Kelly of Clearwater introduces Bill to State Legislature

## PLAN WILL TAKE TEACHERS' JOBS OUT OF POLITICS

TALLAHASSEE, April 11.—(FNN)—Friends added to teacher's pay and reduced their political influence and the threat of dismissal by politically-minded school board members and district officials are the main points of a bill now before the education committee of the house of representatives.

The bill introduced by Representative Louis C. Kelly of Clinton is known as the teachers' tenure of employment act and carries the proposal of the state Education department and hundreds of teacher-enthusiasts organizations throughout the state.

The purpose of the measure is contained in Section 3, which reads as follows: "No person who has qualified as a permanent employee of the public free school system of the state of Florida, shall be dismissed or terminated and not reemployed for any subsequent year in such a manner as to deprive him of his cause; immoral or unprofessional conduct; dishonesty; incompetence; or for service; including notable failure in the discharge of his educational, professional, or other responsibilities; persistent violation of or refusal to obey the laws of the state of Florida relating to the discharge of his responsibilities or reasonable regulations prescribed for the government of the free schools of that state; physical or mental infirmities which would not permit him to do his duty to the best of his ability; or conviction of a felony."

While school boards and district officials continue to have the right to dismiss teachers for the foregoing causes, the bill provides that the accused teacher shall be written notice not less than 60 days prior to the time that final decision shall only be reached after public hearing on charges are before the employment committee. Hearings would be taken under oath and the accused teacher would be permitted to cross examine witnesses.

Florida's school day ship-ments of beans total 150,000 pounds with cabbage running a close second with 181,000 cases. Forty cases of vegetables shipped out west on Miner shipper's and other vegetables brought the total to 355 cases for the week. Total for the week for the past week were as follows:

Beans, total 165, cabbage 131, carrots 9, corn 2, peas 2, celery 2, onions 1, carrots 2. Total 355 cases.

NEW CEILING

Work on this week completed a new metal ceiling in B. Elliott's new Ford establishment in Pahokee.

## Mayor Lang Will Run for Re-election

Mayor H. Roy Lang makes his formal announcement this week for re-election as mayor of Pahokee. Mr. Lang has served the citizenry of Pahokee as mayor for the past year and is asking re-election on his record.

In commenting on the coming election Mayor Lang said: "I earnestly solicit the vote and support of the citizens of Pahokee and assure them that if re-elected a fair and faithful administration I shall, in the future, as in the past, execute the duties of the office to the very best of my ability and promise fairness to everyone at all times."

At the meeting Tuesday night Mr. Lang was appointed temporary chairman of the L. S. D. party and A. L. Armstrong, treasurer. These gentlemen will work out plans for the completion of the new and anticipated election is scheduled for next Wednesday night at which time the constitution and by-laws of the club will be adopted. The election of officers is extended everybody who plays golf or is interested in the building of the course to be present. The election will be chosen at that meeting.

It is estimated that \$1,000 will be necessary to build the nine hole golf course and that the money will be raised through membership in the club. Charter memberships will be sold at \$10 each and the drive for the course will be conducted in town election to be held in Pahokee on Tuesday, May 7.

The club, founded by Mr. Lang, is a non-profit organization for the benefit of all who play golf. The club will be open to all who play golf and the property at 2 o'clock Saturday afternoon, April 20.

James A. Dew, long interested in upper Everglades development and who has held office in the lake region is the owner of the property. Alfred H. Wagg, prominent realtor and former state senator from Broward county, will be the auctioneer.

Twenty years ago these men collaborated in the first sale of Bell Glade townsite lots. Mr. Dew has sales contacts in the townsite, while Mr. Wagg and Mr. Reidel and Mr. Wagg opened the game sale with a rousing speech. In this he predicted a good many things for the future which have since come to pass. He has long since won his spurs as a real estate agent and the two who attended the Bell Glade sale recently finished a term as president of the Pahokee Parent-Teachers association and a host of other civic organizations.

Mr. Dulany stated that he expects the mayor's seat because of the popularity he has in the town and the desire to do his share in the up-keeping of a progressive community.

He believes that Pahokee stands on the threshold of great development and that he will be a share of his time for the betterment of Pahokee and its future.

The plan has been underway for some time now and is to be a non-profit organization of the Pahokee club to be organized before the Mayaca corporation can make any move in the direction of a permanent club.

The club will be open to all who play golf and the property at 2 o'clock Saturday afternoon, April 20.

A friend of ours who is a doctor tells us that the operation is really a complete success until it paid for.

A lamborn who is one who keeps on insisting it is right when you have expressed an opposite opinion.

A birthday card bears a comical greeting: "Wish I may be happy & healthy & keep it deep 'till I'm cinched for death."

If there is a common sense, we disliked more than any one else it is the fellow who insists on living his life to suit himself and at the same time endeavors to tell us just what our conduct should be.

A midwestern editor tells his readers that if he were a wife he would be a little suspicious of a man who returned home from business trip to the city with his nails nicely manicured. The old tale.

Three hundred years hence the distinguishing mark of antiquity in the table line will be the little black marble along the edge caused by former light cigarettes. None will be genuine without the black brand marks.

A friend who has tried every plan tells us that the easiest way to get along with a woman is to do as she desires and give her everything she wants. Our advice is that this is a system which will work with three out of five of 'em.

A neighboring editor puts out that this is the only country in the world that has twenty-five million automobiles and nineteen million radios.

The editor probably means that of criminal institutions, are that there is any connection between these two facts.

A radio news reporter recently announced that while the general opinion seemed to be that most of the criminal element of this country is found here, in fact, as shown by a recent check of criminal institutions, are that the majority of criminals in this country are native born.

After the final summons comes to a man he has to stretch out his hands and lay them flat on the lined coffin with his hands folded on his breast and his friends come for a last look upon his face. If he could speak at this moment he would say, "I have had a good life, but I do not have to have any more taxes."

We've heard many references to the little red school house but we've never seen a little school that was well red. Most of them, if they were painted at all, are painted white. We've an idea what would happen to a board these days if it would choose to paint a school house red for the school board.

We very believe that some folks if they had their wits would cut out all the taxes, close the school and stop all the fun in bringing the tax to a standstill. If it wouldn't be long before they would be moving out of their community to some place where there were schools and roads and the other things that taxes provide for us.

We note by our own, that a woman in Alabama, who is 160 years old, did not celebrate her birthday last year, taking an air plane ride she had to have a special dental filling and had during her life lost two sets of teeth. The imagination of Alabama reporters obviously is a very low one. The story is too plausible. But for the slavish adherence to the other facts in the case we would be interested.

The man would have known his shad, in the head with his name, in his side with his name, in the devil had sent a good looking.

The man would have known his shad, in the same mission, and that is probably just what he would have done if he had planned on taking the matter up with the men of the house first.

We heard a fellow criticizing the government the other day. He was on an in and out style. He said just what should be done about it. He knew just what was wrong with the New Deal, the bank and the tariff. The third and took most of the time out of his argument as far as we were concerned was the fact that he wanted to know if he had a good job or a poor one.

### DESCRIPTION of PARCELS and IMPROVEMENTS

Parcel No. 1—Belle Glade Heights has a 50' street graded and to be rocked, down center. Ditched on each side, with ditches tying into sub-district drainage canals so that when it rains water won't stand in your front yard. Row of trees to be planted on each side and other shrubs planted for beautification. You will be proud to live in Belle Glade Heights. Residential lots only. No business lots. No houses. No buildings. The 6 lots fronting on Avenue E are reserved for business and all others are restricted for residential purposes only. Five lots in this block are already sold to home folks who expect to build immediately.

Parcel No. 2—Belle Glade Heights Addition No. 1. 50' street to be graded just as soon as bean crop is off. Boundary drainage ditches already in to keep water from standing on the land. Before fall, improvements such as rocking and beautification will be completed.

Here is the place to buy and watch your value grow. Six lots fronting on Avenue E restricted for business and all remaining for residential purposes only.

### TERMS:

Senator Wagg is going to continue this auction just as long as anyone is interested in buying. The terms will surprise you. Here they are:

10 percent of the bid price to be paid down on the day of the auction. 15 percent within 15 days, upon passing of title to the buyer.

On all lots, the remaining 75 percent of the purchase price to be spread over a period of 18 months, with monthly payments or quarterly payments to be agreed upon at the convenience of the buyer, at the time of closing.

### COME ONE---COME ALL

Have a good time whether you buy or not. Listen to the best auctioneer in the state of Florida—an old timer in the real estate business, and one who is vitally interested in the development of the Upper Glades. All your friends will be there. Prizes for the ladies and prizes for the men.

DON'T FORGET—TWO O'CLOCK SATURDAY AFTERNOON — APRIL 20th.

Watch for the sign just east of the business side of town. We will have a tent in case of bad weather.

OFFERED BY JAMES A. DEW, REALTOR

Parcel No. 3—Ten 2-acre tracts. We are offering these small farm home plots so that the purchaser can have room enough for his home and some ground to grow special crops. Ideal for market gardening, chicken raising, or a couple of cows. This location is just right for the man who works in town. It is also an exceptionally good buy for speculative purposes as Belle Glade is growing all the time. One acre tracts further away from the center of town have recently sold as high as \$375.00 per tract. You can't go wrong buying here. The value is bound to increase.

Parcel No. 4—Everything said about the two-acre tracts also applies to the five-acre tracts adjoining—just a little more ground for the man who doesn't feel that two acres is enough.

On the 2-acre and 5-acre tracts, the remaining 75 percent of purchase price is payable over a period of three years. One-eighth every six months.

Interest on all deferred payments at the rate of 6 percent per annum.

AND NOW LISTEN—FOR THE BIDDER WHO DESIRES TO PAY ALL CASH, ON THE DAY OF THE AUCTION, A DISCOUNT OF 10 PERCENT WILL BE ALLOWED ON ALL PURCHASES.

### Music - Beer - Prizes

Belle Glade is the fastest growing town in the Upper Glades. Located just right, being about mid-way between Canal Point-Pahokee area and Clewiston. Thousands of acres of fine land surround the town, producing thousands of bushels of vegetables and cane. It is a central market for F.O.B. sales of vegetables and every afternoon during the selling season, cash buyers are found bidding for produce.

Belle Glade has its application in for a water works loan from the government, and has 50 percent more signed for water service than the government requires, which should mean that the erection of a plant is just a matter of time.
